Service Program

## FOR EVERY VENUE, THERE'S AN ASTROTURF® SYSTEM TO FIT THE BILL

With the wide selection of AstroTurf® synthetic turf systems—whatever the venue or sport—AstroTurf® has it covered.

For infill turf systems, the several different AstroTurf® GameDay Grass™ products set new standards for performance. For multi-purpose use indoors or outdoors, AstroTurf® PureGrass® premium-grade non-infill systems offer uncompromising performance. AstroTurf® 12 is a favorite turf among field hockey teams for its hydrophilic properties which improve playability. And for those seeking to get the most out of their venue, AstroTurf® Conversion Systems such as Magic Carpet™ II require minimum changeover times.

With so many products, it's easy to see how AstroTurf® can cover so much ground.
